If application is approved:

Utility approval is granted contingent on water / sewer capacity being available at the beginning of construction. Capacity will be determined by the City of Centralia and Washington State Department of Health / Washington State Department of Ecology Analysis and oversight of the conveyance and treatment system. The City of Centralia shall not be held liable for damage resulting from a change in capacity conditions and such change in capacity conditions shall not give rise to any cause of action as a breach of agreement.

Approved subject to an engineered and approved set of main extension plans for water and/or sewer when applicable.
